### 5:00 pm - Fresh Off the Boat

(Michael Chihaba: 972-400-6632)

"How do I, how can I know what I have been taught to believe is correct and not something else?" is a question in the mind of many young people. With many claiming to have truth it is very easy to become confused or overwhelmed or discouraged because of doubts bouncing around in the mind. The purpose of the study is to address this question amongst others by comparing and contrasting various belief systems to the end that the 13-15 year old mind may be settled in the mind and have a reason for why they believe what they believe from the Word of God. The group is open but geared to meet the mindset of the young and young at heart.
